

Your Smile Says it All.

Oxyfresh toothpaste is the start of your white sexy smile.

The unique Oxygene® odor-fighting formula makes both Oxyfresh Fluoride Toothpaste and Oxyfresh Toothpaste uniquely effective and completely safe.

- Fights Cavities (Fluoride formula)
- Freshens Breath
- Great Mint Taste
- Low Abrasion
- Saccharin Free
- Concentrated

Oxyfresh
Toothpastes
with Oxygene®

Also available:
Oxykids Bubble Gum Flavor
(#270 • 3.5 oz.)

Oxyfresh Fluoride Toothpaste adds together the power of cavity-fighting fluoride, Oxygene®, the sweetener sucralose and zinc acetate. You get fresh breath and a formula that is safe and concentrated.
#115 • 5 oz.

With Oxyfresh Toothpaste, the formula is low-abrasion and concentrated (one tube will last 3 to 4 times longer than any other toothpaste you've tried). Your mouth will feel remarkably fresh and clean every time you brush.
#110 • 5.5 oz.

"Oxyfresh dental products are in a class all their own! Not only do I recommend them to my patients, but my entire family uses them as well."

Kim Swan, R.D.H.
Tequesta, Florida

Ingredients

Fluoride Toothpaste

Active Ingredient: Sodium Fluoride 0.235%.

Other Ingredients: Sorbitol, Hydrated Silica, Glycerin, Water (Aqua), Sodium Lauryl Sulfate, Chondrus Crispus (Carrageenan), Sodium Chlorite (Oxygene® – Stabilized Chlorine Dioxide), Sucralose, Zinc Acetate, Titanium Dioxide, Natural Flavor.

Non-Fluoride Toothpaste

Calcium Carbonate, Water (Aqua), Glycerin, Sorbitol, Sodium Lauryl Sulfate, Chondrus Crispus (Carrageenan), Sodium Chlorite (Oxygene®–Stabilized Chlorine Dioxide), Natural Flavor, Sucralose, Dicalcium Phosphate.

Oxykids Bubble Gum Flavored Toothpaste

Active Ingredient: Sodium Fluoride 0.22%.

Other Ingredients: Sorbitol, Water (Aqua), Hydrated Silica, Glycerin, PEG-4, Sodium Lauryl Sulfate, Bubble Gum Flavor, PEG-60, Hydrogenated Castor Oil, Disodium Phosphate, Cellulose Gum, Sodium Saccharin, Methylparaben, FD&C Blue #1.

Ingredient Glossary

Active Ingredients

Sodium Fluoride – prevents tooth decay (anti-caries)

Botanical Ingredients

Chondrus Crispus (Carrageenan) – binder, emulsion stabilizer, viscosity controlling agent

Other Ingredients

Calcium Carbonate – buffering agent, opacifier, oral care agent

Cellulose Gum – binder, emulsion stabilizer, viscosity controlling agent

Dicalcium Phosphate – opacifier, oral care agent

Disodium Phosphate – buffering agent

FD&C Blue #1 – color additive

Glycerin – attracts moisture and softens tissue

Hydrated Silica – opacifier, viscosity controlling agent

Hydrogenated Castor Oil – emulsifying agent, surfactant, viscosity controlling agent

Methylparaben – FDA-approved preservative; extends shelf life

PEG-4 – humectant

PEG-60 – humectant

Sodium Chlorite (Oxygene® – stabilized chlorine dioxide) – oxidizes volatile sulfur compounds, eliminates oral odors, anti-plaque and anti-calculus activity

Sodium Lauryl Sulfate – foaming agent, emulsifier, wetting and dispersing properties

Sodium Saccharin – additive, oral care agent

Sorbitol – bulk sweetener with one-third the calories of sugar, humectant and texturizing agent, does not promote tooth decay

Sucralose – a non-caloric sweetener derived from sugar yet not recognized as sugar in the body, does not support the growth of oral bacterial, does not promote tooth decay

Titanium Dioxide – opacifier

Zinc Acetate – counteracts toxicity of volatile sulfur compounds, inhibits oral odors
